Subject: Examination Centre Allocation in Manipur for Common Recruitment Examination (CRE-2024) - reg.

In view of the requests received from many aspirants from the State, regarding the allocation of examination centres in Imphal, for the Common Recruitment Examination (CRE-2024), scheduled to be held from the 26th to 28th February, 2025, via computer-based tests (CBT), the Institute has proactively and vigorously taken up the matter with the Ministry as well as the AIIMS Authority to consider their requests for re-allocation of the examination centre to Imphal.

2 . The AIIMS Authority has considered the matter and issued the letter No. CCRE-AIIMS/2024/Non-Faculty (Group 'B & C')/42 dated 22.02.2025 to the Institute, which is self-explanatory. A copy of the said letter is enclosed for information.

3. This issues with the approval of the Director i/c, RIMS, Imphal.

To,

Mr. Mecolt Rajkumar Singh

Deputy Director (Admn.)

RIMS, Imphal, Manipur

Subject: Examination Centre Allocation in Manipur – CRE-2024 in reference to letter No. Gen/Appt / Reg (Grp B0/1/2025-Est Sec dated 21.02.2025)

Dated: -22.02.2025

Sir/Madam,

The Common Recruitment Examination (CRE-2024) is conducted for Group 'B & C' posts at various participating Institutes and Government Hospitals under the Central Government. The posts have been consolidated into 66 distinct groups to streamline the application process for eligible candidates.

The examination is scheduled to be held in one shift per group via computer-based tests (CBT) between 26th and 28th February 2025. At the time of registration, candidates were provided the option to select three (03) preferred state for the examination. They were also informed that if a centre was unavailable in their chosen states, an alternative city elsewhere in India might be allocated.

In the North-Eastern region, a total of 16 examination centres have been allocated, of which three are located in Manipur. Approximately 6,800 candidates selected Manipur as their first preference, while also indicating two additional state choices for their preferred examination centre. Based on centre availability, around 5,900 candidates have been accommodated in one of their three preferred choices, where nearly 4,000 candidates who have been assigned to the nearby centre in Guwahati.

Due to the overwhelming number of applications and the subsequent challenge of securing safe and secure examination centres, it has become necessary to reallocate some candidates to nearby states where centres are available. All candidates have been informed of their state and city of examination well in advance, allowing them sufficient time to arrange for travel.

Furthermore, requests for centre changes from pregnant women and accident cases have been duly considered, with allocations made to their requested preferred city upon submission of appropriate documentary proof.

Given the logistical constraints, operationally and in adherence to established protocols to conduct safe and secure examination, adjusting all candidates to Manipur is not feasible under evolving situation at this stage. Your understanding and support in this matter are greatly appreciated to enable us conducting secure and fair examination in a time bound manner.

Issued with approval of competent authority.

Yours sincerely

(Dr. M.K.Singh)

Assistant Controller (Exams)
AIIMS, New Delhi
